

Greetings,

Due to the outbreak of COVID-19, Sven Bone Dentistry has certain precautions in place to prevent the spread of the virus. In accordance with ADA recommendations, Sven Bone Dentistry has made the following changes;

- **Wipe down all door handles / entryways between each appointment.**
- **Added additional air filtration systems in each section of the office.**
- **Having patients rinse with a 1% hydrogen peroxide solution before each appointment.**
- **Screening patients for travel and signs and symptoms of infection or travel prior to scheduling any appointments.**
- **Taking temperature readings as part of the provider's routine assessment of patients before performing dental procedures.**

Certain precautions are always to be in place, regardless of outside influence. In accordance with ADA & OSHA recommendations, Sven Bone Dentistry will *continue to*;

- Carry out basic infection prevention measures such as promoting frequent and thorough hand washing, encouraging workers to stay home if they are sick and encouraging respiratory etiquette by covering coughs and sneezes.
- Establish and maintain workplace controls including using physical barriers to control the spread of the virus; social distancing; and appropriate personal protective equipment, hygiene and cleaning supplies.
- Clean and disinfect public areas frequently, including door handles, chairs and bathrooms.
- Use a rubber dam when appropriate to decrease possible exposure to infectious agents.
- Use high-speed evacuation for dental procedures producing an aerosol
- Autoclave instruments after each patient.

As of now, **Sven Bone Dentistry has reopened to regular operating hours and are actively scheduling dental cleanings.** Please feel free to call to schedule your appointment today! If we are out of office, please leave us a message and we will return your call. Otherwise, if you have any questions or concerns on how the virus or recent updates will affect you, please do not hesitate to reach out. It is our top priority to be available to our patients as we continue to monitor the effects of COVID-19. Any updates or changes will be made available to you as soon as possible.

Sincerely,

Dr. Sven Bone
